

## PAYE service

One of the legal responsibilities you take on when hiring a nanny is the organisation and payment of their tax and national insurance. Organising this and ensuring you meet all of your Inland Revenue requirements can be time consuming and stressful.

Most families avoid this hassle by subscribing to a PAYE service. KiwiOz offers a very competitive service via PAYE for Nannies, and can organise this on your behalf.

KiwiOz PAYE in association with PAYE for Nannies will take care of all of you Inland Revenue obligations, including:

- dealing with all Inland Revenue correspondence on your behalf (P60's, P45's etc)
- ensure you benefit from the £250 rebate offered by the Inland Revenue
- Provide weekly or monthly payslips for your nanny
- Give unlimited advice on all aspects of nanny employment including UK employment law

Cost: £135 per annum. For temporary placements of 3 months or less there is a reduced fee of £60 including VAT.
